## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

PAR. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

H S Manley
Immigrant Inspector.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

I have noted the copy of section 36 of the Act of February 5, 1917, extract from subdivision B, rule 7, and copy of sections 19 and 20, Act of May 26, 1924, which appear below.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (*a*) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(*b*) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(*c*) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

SEC 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC 20. ## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Capt. Ottino Alberto, master, of the " Conte di Savoia ", from Genoa-Naples-Genoa-Cannes & Gibraltar do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 6 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master Officer.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

I, Capt. Ottino Alberto master, of the " Conte di Savoia," from Genoa-Naples-Genoa-Cannes-Gibraltar
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 6 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Capt. Ottino Alberto master, of the " Conte di Savoia", from Genoa-Naples-Genoa-Cannes & Gibraltar
(State whether Master, First, or Second Officer)

solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 6 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Master Officer.

Sworn to before me this 25th. day of May, 1939

at New York

Immigrant Inspector.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

May 26, 1939.

District Director,
Ellis Island, N.Y.H.

On the arrival of the SS "Conte di Savoia" at this port on May 25, 1939, Inspector Knute Larson, of the Boarding Division, served an order on the Staff Captain, Gulinelli, to deliver at Ellis Island for inspection a stowaway, one GIOVANNI TRIGGIANI, thirty-two years of age, a native of Italy. He was not delivered.

Duplicate of the Delivery Order, Form 589, is attached hereto, also Nonproduction Report, Form 262, in triplicate.

For your further information, I am advised informally that this alien escaped from the guards into whose custody he was placed for delivery at this station, and it is stated that the escape took place at the Barge Office, New York, on May 25th.

The attached envelope contains what purports to be two identification cards of the escaped alien, also some literature belonging to the Italian Line with reference to cruises. It will be noted that there is written on same the address 166 Street 788, Bronx, and the name Erno Moselli. Whether or not any significance can be attached to this will be a matter for the Law Division to inquire into.

A brief case belonging to the alien containing clothing has been turned over to the janitor for safekeeping.

Patrick King
Inspector-in-Charge
Inspection Division.

I, Capt.OTTINO Alberto Master, of the S/S CONTE DI SAVOIA, from GENOA-NAPLES-GENOA-CANNES & GIBRALTAR, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 11 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 30.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

IN REPLY REFER TO
FILE NO. 855/886.2

DEPARTMENT OF STATE

THE FOREIGN SERVICE
OF THE
UNITED STATES OF AMERICA

AMERICAN CONSULATE

Vigo, España,
Mayo 13, 1939.

Señor Don Eduardo Pano,
Representante de la Compañía Trasatlántica,
Calle de Viuda de Epalza, 10,
Bilbao, Vizcaya.

Muy Sr. mío:

Tengo a la vista su carta de fecha 29 de Abril pasado, por la que se sirve preguntarme qué requisitos habrían de cumplir varios marineros españoles que, por orden de esa Compañía, van a marchar al puerto de New York para hacerse cargo del vapor español NAVEMAR, allí anclado, y traerlo a España con cargamento de trigo. Añade Ud. que dichos marineros serán recibidos en New York por los Sres. García y Díaz, Agentes Generales de su Compañía en los Estados Unidos, con oficinas en 17 Battery Place, New York City, interviniendo además el Consulado General de España en la misma ciudad.

En contestación a esta consulta, y siendo tales las circunstancias del caso, me es grato poner en su conocimiento que, por parte de este Consulado, dichos tripulantes no necesitan cumplir requisito alguno de pasaporte o visado, ya que la regla (5) de la nota 67 a la Sección 361 de nuestras Reglas Consulares prescribe que: los marineros de buena fé que lleguen a los Estados Unidos, enviados por los propietarios, para embarcar en un navío extranjero como miembros de la tripulación del mismo, pueden ser admitidos temporalmente en los Estados Unidos sin pasaporte ni visado, a la discreción del Secretario de Trabajo y de conformidad con las prescripciones establecidas por él.

Mucho celebraré que las precedentes aclaraciones dejen este caso perfectamente en órden y, aprovechando la oportunidad, me repito de Ud. muy atento y s. s.

q. e. s. m.

Robert P. Graves,
Cónsul de los Estados Unidos
de América.

Carta entregada al Sr.
Don Enrique Aparicio,
en mano.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Capt.OTTENO Alberto Master, of the S/S CONTE DI SAVOIA, from GENOA-NAPLES-GENOA-CANNES & GIBRALTAR, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 41 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

MASTER Officer.

Sworn to before me this 25TH day of MAY, 1939

at NEW YORK

Immigration Officer.

## INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

**Separate sheets should be prepared for each port at which passengers embark.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 to 14.—These questions are self-explanatory.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia.

Column 23 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 26, if alien has been deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Capt.OTTINO ALBERTO MASTER, of the S/S CONTE DI SAVOIA, from GENOA-NAPLES-GENOA-CANNES & GIBRALTAR, do solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 14 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "FV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV." or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

I, Capt.OTTINO Alberto Master, of the S/S CONTE DI SAVOIA, from GENOA-NAPLES-GENOA-CANNES & GIBRALTAR, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 11 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

(State whether Master, First, or Second Officer)

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French," appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "IV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. ### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to report such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. ### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. (b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. ### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. (b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. (c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (*a*) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(*b*) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(*c*) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (*a*) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(*b*) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(*c*) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (*a*) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(*c*) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G.J.BARENDSE MASTER, of the s.s. "STATENDAM", from ROTTERDAM, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, ONE in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

I, C.W.GILTJES, Surgeon of the S.S."STATENDAM", SAILING THEREWITH, (State whether Surgeon "sailing therewith" or "employed by owners thereof," as the case may be) do solemnly, sincerely, and truly SWEAR that I have had FIVE years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of THE UNIVERSITY OF AMSTERDAM, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, TWO in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

I, G.J.BARENDSE MASTER, of the S.S."STATENDAM", from ROTTERDAM, do
(Here whether Master, First, or Second Officer)
solemnly, sincerely, and truly SWEAR that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, TWO in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G.J.BARENDSE MASTER, of the s.s."STATENDAM", from Rotterdam, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, ten in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## AFFIDAVIT OF SURGEON

I, C.W.GILTJES, Surgeon of the S.S."STATENDAM", sailing therewith (State whether Surgeon "sailing therewith" or "employed by owners thereof," as the case may be), do solemnly, sincerely, and truly swear that I have had five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the University of Amsterdam, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, twelve in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigrant inspector at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G.J. BARENDSE MASTER, of the s.s. "STATENDAM", from Rotterdam, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twelve in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

G. J. Barends
MASTER OFFICER.

Sworn to before me this 25th day of May, 19 39.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

solemnly, sincerely, and truly swear that I have had five years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the Univeraity of AMSTERDAM, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, two in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigrant inspector at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

I, G.J.Barendse Master, of the S.S."STATENDAM", from Rotterdam, do
(State whether Master, First, or Second Officer)
solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, two in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

G. J. Barendse

Master

Sworn to before me this 25th day of May, 19 39.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G.J.Barendse Master, of the Netherland ss Statendam, from Rotterdam, do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G.J.Barendse Master (State whether Master, First, or Second Officer), of the Netherland ss Statendam, from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

### NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

In answering this question the language or dialect the alien is able to read should be stated. Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigrant inspector at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens spring and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G.J.Barendse Master, of the Netherland ss "Satatendam", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G.J.Barendse Master, of the Netherland ss "Statendam", from Rotterdam, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 14 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

G.J.Barendse
Master

Sworn to before me this 25th day of May, 19 39

Immigrant Inspector.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secre ary of Labor to reapply for admission should be shown.

solemnly, sincerely, and truly swear that I have had 5 years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the University of Amsterdam, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 9 in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

U.S. Immigrant Inspector

(Signature and title of immigrant inspector or other officer authorized to administer oaths)

NOTE.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigrant inspector at port of arrival, and any changes that may have occurred en route in the condition of any of the aliens must be noted on the manifest before the affidavit is executed.
If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

## LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens spring and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, G.J.Barendse Master, of the Netherland ss "Statendam", from Rotterdam, do
(Give whether Master, First, or Second Officer)
solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 9 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

G.J.Barendse
Master

Sworn to before me this 25th day of May, 1939

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

(a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

ALIEN SEAMEN.

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shal be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescibe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. ALIEN SEAMEN.

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shal be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescibe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. ## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

ALIEN SEAMEN.

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shal be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescibe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shal be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescibe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. (c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shal be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescibe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. ### ALIEN SEAMEN.

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shal be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescibe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Master, of the L.O Sullivan, to declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the Act of February 5, 1917, extract from subdivision B, rule 7, and copy of sections 19 and 20, Act of May 26, 1924, which appear below.

Master, First or Second Officer.

Sworn to before me this 25 day of May, 1937

Immigrant Inspector.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $ 10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid, nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in Rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $ 1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $ 10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid, nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in Rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $ 1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (*a*) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(*b*) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(*c*) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Lars Christian Andersen, of the Danish S/S "ORION", do declare that the foregoing is a full and true list of all the crew brought in said vessel from any port or place during her present voyage. I have noted the copy of section 36 of the Act of February 5, 1917, extract from subdivision B, rule 7, and copy of sections 19 and 20, Act of May 26, 1924, which appear below.

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off, and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not reported thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of any owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report each case of desertion and landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the district in which the port of arrival is located the sum of $10 for each alien concerning whom correct information was not furnished as aforesaid; and no such vessel shall be granted clearance pending the determination of the question as to the liability to the payment of such fine, so if, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the additional tax provided for said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the [illegible] departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection shall be made as soon as practicable after the vessel is docked), or who fails to detain such seaman on board after such inspection if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs for the district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sureties, to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not sign articles on the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was removed by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by an immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that the detention of any alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be detained on such vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or the payment guaranteed to the satisfaction of the Secretary of Labor.

When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

PAR. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (*a*) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to the payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(*b*) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(*c*) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

Par. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

## AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, E. G. Steel master, of the S/S Gateun, from Kingston Jr. B.W.I., do solemnly, sincerely, and truly ____ that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 1 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

(State whether Master, First, or Second Officer)

E. G. Steel
Master Officer.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of Technical Advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

### CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

### WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

### SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

### AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African Negro should be classified under this heading.

### ITALIAN (NORTH)

The people who are native to the basin of the River Po in northern Italy (I. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

### ITALIAN (SOUTH)

The people who are native to that portion of Italy south of the basin of the River Po (I. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Place of birth*).—The State, Province, or District of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV," "NQIV," "PV," or "RP," as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as Section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, state, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within one year and the Secretary of Labor has authorized him to reapply for admission, the authority for such reapplication should be given.

*Immigrant Inspector.*

## IMPORTANT NOTICE TO MASTER

The list described below shall be prepared on blank forms approved by the Department and be ready for delivery to the immigration inspector boarding the vessel at the port of arrival, and shall in no instance be taken from the vessel. The list of changes of alien members of crews (Form 689) shall not be retained on board, but shall be delivered by the master to the principal immigration officer at the port. When an arriving seaman is a "workaway" a notation to that effect should be made on the manifest.

## EXTRACT FROM ACT OF CONGRESS OF FEBRUARY 5, 1917

SEC. 36. That upon arrival of any vessel in the United States from any foreign port or place it shall be the duty of the owner, agent, consignee, or master thereof to deliver to the principal immigration officer in charge of the port of arrival lists containing the names of all aliens employed on such vessel, stating the positions they respectively hold in the ship's company, when and where they were respectively shipped or engaged, and specifying those to be paid off and discharged in the port of arrival; or lists containing so much of such information as the Secretary of Labor shall by regulation prescribe; and after the arrival of any such vessel it shall be the duty of such owner, agent, consignee, or master to report to such immigration officer, in writing, as soon as discovered, all cases in which any such alien has illegally landed from the vessel, giving a description of such alien, together with any information likely to lead to his apprehension; and before the departure of any such vessel it shall be the duty of such owner, agent, consignee, or master to deliver to such immigration officer a further list containing the names of all alien employees who were not employed thereon at the time of the arrival but who will leave port thereon at the time of her departure, and also the names of those, if any, who have been paid off and discharged, and of those, if any, who have deserted or landed; and in case of the failure of such owner, agent, consignee, or master so to deliver either of the said lists of such aliens arriving and departing, respectively, or so to report such cases of desertion or landing, such owner, agent, consignee, or master shall, if required by the Secretary of Labor, pay to the collector of customs of the customs district in which the port of arrival is located the sum of $10 for each alien concerning whom correct lists are not delivered or a true report is not made as above required; and no such vessel shall be granted clearance pending the determination of the question of the liability to the payment of such fine, and, in the event such fine is imposed, while it remains unpaid; nor shall such fine be remitted or refunded: *Provided*, That clearance may be granted prior to the determination of such question upon deposit of a sum sufficient to cover such fine.

## EXTRACT FROM SUBDIVISION B, RULE 7

PAR. 6. Clearance shall not be granted any vessel until the lists required by section 36 of the Act of February 5, 1917, have been furnished, and not then unless notice of liability to the administrative fine prescribed by said section or to that prescribed by section 35 of said act having been served, the deposit specified in rule 23 has been made.

## EXTRACT FROM ACT OF CONGRESS APPROVED MAY 26, 1924

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

### ALIEN SEAMEN

SEC. 19. No alien seaman excluded from admission into the United States under the immigration laws and employed on board any vessel arriving in the United States from any place outside thereof, shall be permitted to land in the United States, except temporarily for medical treatment, or pursuant to such regulations as the Secretary of Labor may prescribe for the ultimate departure, removal, or deportation of such alien from the United States.

SEC. 20. (a) The owner, charterer, agent, consignee, or master of any vessel arriving in the United States from any place outside thereof who fails to detain on board any alien seaman employed on such vessel until the immigration officer in charge at the port of arrival has inspected such seaman (which inspection in all cases shall include a personal physical examination by the medical examiners), or who fails to detain such seaman on board after such inspection or to deport such seaman if required by such immigration officer or the Secretary of Labor to do so, shall pay to the collector of customs of the customs district in which the port of arrival is located the sum of $1,000 for each alien seaman in respect of whom such failure occurs. No vessel shall be granted clearance pending the determination of the liability to payment of such fine, or while the fine remains unpaid, except that clearance may be granted prior to the determination of such question upon the deposit of a sum sufficient to cover such fine, or of a bond with sufficient surety to secure the payment thereof approved by the collector of customs.

(b) Proof that an alien seaman did not appear upon the outgoing manifest of the vessel on which he arrived in the United States from any place outside thereof, or that he was reported by the master of such vessel as a deserter, shall be prima facie evidence of a failure to detain or deport after requirement by the immigration officer or the Secretary of Labor.

(c) If the Secretary of Labor finds that deportation of the alien seaman on the vessel on which he arrived would cause undue hardship to such seaman he may cause him to be deported on another vessel at the expense of the vessel on which he arrived, and such vessel shall not be granted clearance until such expense has been paid or its payment guaranteed to the satisfaction of the Secretary of Labor.

I, JOHN A HENRIKSON.. MASTER, of the S.S."FORT TOWNSHEND", from HALIFAX.N.S., do solemnly, sincerely, and truly Swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, ..... in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by laws regulating immigration, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

(State whether Master, First, or Second Officer)

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.

## INSTRUCTIONS FOR PREPARING ALIEN MANIFESTS

**Separate manifests should be prepared for each port at which passengers embark for the United States, recording on separate manifests immigrants and nonimmigrants, as defined by the Immigration Act of 1924; and also recording on separate manifests those aliens traveling in the third class and the so-called tourist class, whose visas bear the initials of technical advisers, and those whose visas do not bear such initials. The names of all members of a family shall appear upon the same manifest sheet when they travel in the same class; and if they travel in different classes, appropriate cross references should be made on the sheets on which the respective names are listed.**

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following questions: "Read what language [or, if exemption is claimed, upon what ground]." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully revised by inspectors in this regard. For instance, "France" appearing under the head of country does not mean "French" by race or people, and, similarly "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

NEGRO

"Negro" refers to the African (black), whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien with admixture of blood of the African (black) should be classified under this heading.

Column 11 (*Place of birth*).—The State, province, or district of birth should be shown in addition to the city or town.

Column 12 (*Serial number of document presented*).—Prefix serial number of document with abbreviation "QIV", "NQIV", "PV", or "RP", as appropriate, to designate whether it is Quota Immigration Visa, Nonquota Immigration Visa, Passport Visa, or Reentry Permit; and also state section of the Immigration Act of 1924 involved, as section 4 (a).

Column 13.—This question has reference to the place and date of issue of the document described in column 12, and is self-explanatory.

Column 14 (*Verifications of landing, etc.*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 15 (*Last permanent residence*).—Actual or an intended residence of 1 year shall constitute permanent residence. The last country in which alien resided with the intention of remaining 1 year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 15 should show the country, city or town, State, province, or district of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 17 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name, exact relationship, and complete address of such relative. If no such relative living, give name and address of friend. If no such relative or friend living in country whence alien came, give name and address of relative or friend in country of which citizen or subject, if such country is other than that whence alien came. Address should include street and number.

Column 18 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of 1 year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States, and port of intended departure.

Column 19 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 20 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 21 (*Whether in possession of $50, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 22 (*Whether ever before in the United States; and if so, when, where, and date of last departure*).—The entries should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as, 1894–1897, Philadelphia. Where in the United States more than once previously, indicate last residence only, and give exact or approximate date of last departure from the United States.

Column 23 (*Whether going to join relative or friend*).—The answer should show whether going to join either a relative or friend, with name and complete address; and if a relative, the exact relationship.

Columns 24 to 36.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 30, if alien has been excluded and deported within 1 year, and in answering 31, if alien has been ordered deported under warrant at any time, authority in the Secretary of Labor to reapply for admission should be shown.
